CENTER 

INTRODUCTION

THE ISSUE

Access to health care is limited for undocumented and uninsured individuals. The Affordable Care Act (ACA) provided many with health access, however, undocumented immigrants and Deferred Action for Childhood Arrivals (DACA) recipients are nationally excluded. An estimated 11 million people in the United States are undocumented. In California, roughly 1.5 million undocumented Californians are without medical care. This exclusion leads people to delay hospital visits or accumulate thousands of dollars in medical debt. Some wait months or years for surgery on county lists, or pass away. With regular medical care and visits to the doctor many painful, expensive and easily treatable medical conditions can be prevented. The wellness and health of undocumented and immigrant families depends access to medical care and support services.

PROJECT DEVELOPMENT

Although the Affordable Care Act does not cover undocumented immigrants, in California there are medical facilities that provide health services for undocumented Californians and mixed-status families. The resource guide developed out of a need to identify clinics and hospitals that do not turn away undocumented Californians and provide individuals and service providers with referrals to available, low cost medical services.

The guide is an expansion of the original statewide health guide created by Healthy California 2013 fellow Angelica Hernandez. Angelica worked with leaders of Hispanas Organized for Political Equality (HOPE) to compile the statewide guide as a part of her summer fellowship. The Healthy California 2014 cohort updated the healthcare resource guide to provide expanded low cost medical options to uninsured and mixed status families in the state of California.

HOW TO USE THIS RESOURCE GUIDE

The resource guide provides a list of affordable healthcare options in the state of California. The listings include healthcare provider contact information, hours of operation, the type of services offered and types of fees.

- The resource guide provides information of medical services in 6 regions in California.
- Northern California and Bay Area, Central Valley, Los Angeles County, Inland Empire, Orange County and the San Diego Region.
- Locations are organized alphabetically by county, city and *Additional Resources*.
- Services provided at each location are described by the symbols found at the bottom of each page; see *Key of Services*.

FREQUENTLY ASKED QUESTIONS

The following are frequently asked questions to help you begin to understand how you and your family can access health care in order to prevent or treat illness and handle medical emergencies.

** Updated by Betzabel Estudillo of California Immigrant Policy Center (CIPC), Carlos Juarez of the CIRCLE Project, and Jazmin Segura of Educators for Fair Consideration (E4FC)*

1. I am undocumented. Will using healthcare services affect my immigration status?

NO. Using health care programs or health services at the local, state or federal level will not affect your immigration status or ability to apply for a green card in the future.

****Unless you are receiving Medi-Cal to pay for long term care in a mental health institution or nursing home.*

2. I am undocumented. Am I eligible for any health benefit programs?

YES. Undocumented Californians are eligible for limited-scope Medi-Cal, also known as Emergency Medi-Cal, if they meet all other requirements. There are also several programs that do not require U.S. citizenship or legal status to participate.

The following programs are available to adults, children, seniors, and people with disabilities, regardless of immigration status:

- Emergency or “Restricted” Medi-Cal
 - Emergency medical conditions, pregnancy-related and post-partum care, and long-term care for people under the household income limit (at or below 138% FPL)
 - Emergency medical conditions include severe symptoms or pain, or if failure to get immediate attention will endanger a person’s health, impair bodily functions or organs. Emergency care does not include organ transplants or continuation of services.
- Pregnancy Only Medi-Cal / “Presumptive Eligibility” Medi-Cal
 - Temporary full-scope Medi-Cal coverage for pregnant women who are under the household income limit (at or below 138% FPL)
- Medi-Cal Access Program (MCAP) / Access for Infants & Mothers (AIM).
 - Health program for uninsured pregnant women who meet the household income limits (between 201-300% FPL)
- Child Health and Disability Prevention Program (CHDP)
 - Temporary full-scope Medi-Cal coverage up to 2 months for children and youth under 21 who are under the household income limit (at or below 200% FPL)
- Family Planning, Access, Care and Treatment (Family PACT)
 - Family planning, STI and HIV testing and treatment services for women under 55 and men under 50 who are under the household income limit (at or below 200% FPL)
- Minor Consent Medi-Cal
 - Confidential health services for youth under age 21 without notification to parents or guardians including: pregnancy-related services, mental health counseling, substance abuse counseling, family planning services, STI testing or treatment, sexual assault and rape treatment
 - Children under age 12 are only eligible for pregnancy-related care, family planning, and sexual assault services

FREQUENTLY ASKED QUESTIONS

- Every Woman Counts
 - Breast cancer and cervical cancer screening and treatment services for women who meet the age and household income limit (ages 40+ for breast cancer, ages 20+ for cervical cancer, and at or below 200% Federal Poverty Level)
- AIDS Drug Assistance Program
 - Medication coverage for adults ages 18+ living with HIV/AIDS who meet the annual income limit (at or less than \$50,000)
- Long Term Care Medi-Cal
 - Nursing home and convalescent care for people in long term care facilities
- Kaiser Child Health Program (Limited to Certain Zip Codes)
 - Low-cost health coverage for children and youth up to age 19 who meet the household income limits
- LA Care Healthy Kids Plan (Los Angeles County)
 - Low-cost health coverage for children up to age 5 who meet the household income limits. The cost for health coverage is \$0-6 month with \$5 co-pays for most services.
- My Health LA (Los Angeles County)
 - Free health program for uninsured LA County residents that covers preventive and primary care services and prescription medicines at local community clinics and health centers for people who meet the household income limit (at or below 138% Federal Poverty Level)
- Community, County and Free Clinics
- Women, Infants, and Children (WIC)

3. I am undocumented and have no insurance. Will the hospital turn me away?

NO. In 1986, the government passed a law that prevents hospital emergency rooms to refuse treatment to anyone who is in need of emergency services, but have no health insurance or the ability to pay.

4. I am undocumented and have no insurance. Are there programs available to help me pay for my medical bills?

YES. If you do not qualify for Emergency or Full-Scope Medi-Cal, there are many community clinics, health centers, and county hospitals also offer payment plans and sliding-fees based on income. Payment programs include:

- Ability to Pay Program
 - No cost to low cost health care coverage at local county clinics and hospitals for people who meet certain household income limits. For more information, call 1-800-378-9919.
- Pre-Payment Plan (Los Angeles County)
 - Flat fee for LA County residents for each medical visit at LA County clinics, hospitals, and health centers if paid within 7 days of choosing the payment plan.

FREQUENTLY ASKED QUESTIONS

5. I am a California DACA (Deferred Action for Childhood Arrivals) recipient. Do I qualify for any programs?

YES. California DACA recipients are eligible for full-scope Medi-Cal if they:

- permanently live in California
- are under 65 years old, and
- meet the household income limit.

DACA Recipients in California are eligible for Medi-Cal under an eligibility category called “PRUCOL” (Permanently Residing Under Color of Law) and must submit an additional MC 13 Form when they enroll at their local county Medi-Cal office. DACA recipients who enroll through Covered California with a certified enrollment counselor are not required to complete the MC 13 Form.

6. I am a California DACA recipient and am enrolled in Limited-Scope / Emergency Medi-Cal. How do I enroll in Full-Scope Medi-Cal?

CALL YOUR ASSIGNED COUNTY WORKER to report a change in your immigration status and submit a MC 13 Form, work permit information, and social security number. If you don't have your work permit yet, you can use Form I-797 to prove your status.

- If the county worker is unaware that DACA recipients qualify for Medi-Cal, let them know you may qualify through PRUCOL or ask to speak with a supervisor.
- If you are wrongfully denied Medi-Cal and are being denied to speak with a supervisor, please contact your local Health Consumer Center (HCC) for information on how to report a grievance or submit an appeal. They can also connect you to the appropriate agency to ensure you get the health coverage you need. To contact your local HCC: <http://healthconsumer.org/index.php?id=partners>

7. I don't qualify for Emergency or Full-Scope Medi-Cal. Can I purchase health insurance through Covered California?

NO. Undocumented people and DACA recipients cannot purchase health insurance through Covered California or qualify for tax credits to purchase health insurance. **HOWEVER**, you may still qualify for payment plans and/or discounts on a sliding scale based on your family's income.
