

The background of the cover is a vibrant, stylized illustration of a beach scene. At the top, a bright yellow sun with radiating lines is positioned in the upper right corner. To its left, a white, fluffy cloud is depicted. The sky is a light blue gradient. In the center, the title 'Summer Activity Guide' is written in a bold, dark blue font. The word 'Summer' is contained within a yellow rectangular box, while 'Activity Guide' is on a white rectangular box. Below the sky, a horizontal line represents the horizon. The area below the horizon is a darker blue, representing the ocean. Three white birds are shown in flight, scattered across the sky and ocean. At the bottom, a white wave line separates the ocean from a sandy beach. On the left side of the beach, a palm tree with green fronds and three brown coconuts is leaning towards the right. The overall style is clean, colorful, and child-friendly.

Summer Activity Guide

Abriendo Puertas
Opening Doors

Welcome to our Summer Activity Guide, thoughtfully put together by Abriendo Puertas/Opening Doors (AP/OD). Launched in 2007, AP/OD is the nation's first evidence-based parent leadership program designed by and for Latino parents with children ages 0-5 and adopted by diverse communities across the country. Our mission is to support parents as leaders of their families and as their child's first and most influential teacher in the home, their child's first school. Using a two-generation approach, we build parent leadership skills and knowledge to promote family well-being and positive outcomes for children. We believe that parents, as leaders of their families, can be powerful agents of change in the lives of their children as well as their community. This guide provides space for families to build knowledge, practice, and social capital with information, resources, and activities they can use on a daily basis.

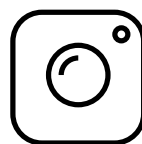

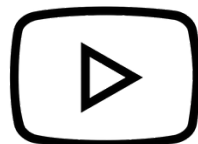

This summer, we're excited to share a variety of free and discounted family activities, learning apps, and activity printouts. We've also included other valuable resources such as the USDA Summer Meals for Kids Site Finder, which helps families locate nearby meal sites where kids 18 and younger can receive meals and snacks at no cost.

Dive into our guide to discover all of the wonderful opportunities and make this summer unforgettable for your family!
